Using the Clock

The clock lets you set a home time and view local times around the world. You should set the home time before viewing the world times or using the schedule.
To Set the Home Time

If you want to set the time to a.m. or p.m., make sure that the 12-hour time display is turned on by pressing H (12/24) until an A or P appears before the time.

1. Press ⊙ (TIME) until the home time appears.

```
*LON              SUN
 1995 - 03 - 04
       11 - 23 - 17
```

The home time has an asterisk at the upper left.

2. Press ⊙ (LOCK/SET).

3. Use ⊘ or ⊙ to change the time zone.

If you want, you can type a city name or abbreviation of up to six characters.

4. Use ◀(DEL) and ▶(INS) to move the flashing cursor.

5. Type the date and time.

If the cursor is on the time (i.e., third) line and the 12-hour time display is set (see above), you can change the time to or from a.m. or p.m. by pressing G (DST AM/PM).

6. When done, press ENTER to save your settings.

The day of the week changes when you save your settings.

5

7. To change the time to or from daylight savings time, press G (DST AM/PM).

Daylight savings time is indicated by an # next to the day of the week.

To View the World Times

The world times are calculated by adding or subtracting hours to or from your home time. They are not separate clocks that can be set independently of the home time.

1. Press (TIME) until a world time appears.

```
LON              SUN
1995 - 03 - 04
     11 - 23 - 17
```

The absence of an asterisk before the city abbreviation indicates that this is a world time.

2. Use ⊘ or ⊘ to change the time zone.

```
PAR              SUN
1995 - 03 - 04
     12 - 23 - 17
```

Using the Alarms

This organizer has three types of alarms: a single daily alarm, a schedule reminder alarm, and an hourly chime.

To Reset the Organizer

Warning! Resetting the organizer permanently erases all the information entered in it. Perform a reset only when you want to erase and lose all your information.

1. If needed, turn the organizer on.
2. Using the pointed end of a paper clip, press the recessed reset button on the back of the organizer.

   RESET? should appear on the screen.

3. Press ENTER to reset the organizer. Or press any other key to cancel the reset.

Replacing the Batteries

This organizer uses two CR2025, 3-volt lithium batteries. Before you follow these steps you should have a small Phillips screwdriver and the new batteries at hand.

Warning! When no batteries are installed, this organizer will save your information for only about 30 seconds. So quickly install the new batteries when you remove the old ones.

1. **Turn off the organizer and turn it over.**
2. **With the Phillips screwdriver, remove the two screws at the top of the battery cover and then re-move the lid.**

   Do not remove the screws at the sides of the organizer.
3. **Remove the old batteries and quickly replace them with the new batteries, with their plus (+) signs facing you.**
4. **Replace the battery cover.**

   Warning! If *RESET?* appears when you next turn on the organizer, do not press ENTER unless you want to reset the organizer and erase all your information.

Keep Written Copies of Important Data

This organizer stores your information as long as the batteries supply power.

Warning! If the batteries lose power or are removed, all your information will be lost. Information can also be lost or corrupted if you make a mistake while operating this organizer. Therefore, always keep written copies of your important information in case it is corrupted or lost.
